## **Fontana Community Cleanup Gets Bigger Venue**

FONTANA - San Bernardino County Code Enforcement and Solid Waste along Second District Supervisor Paul Biane will hold a Community Cleanup from 8 a.m. until noon on Saturday (Nov. 5) at the California Speedway in Fontana.

Officials picked the California Speedway parking lot because it offers more space than past Community Cleanup locations and can accommodate the large number of residents expected to take advantage of the free trash disposal.

During a cleanup held along Arrow Route in August, residents disposed of more than 100 tons of trash, including 18 tons of tires. Some people waited in line for two hours. The new site will allow the County to provide double the number of collection bins and dump trucks.

"The popularity of the Community Cleanups continues to grow and grow," Second District Supervisor Biane said. "I'm glad we were able to partner with the California Speedway this time so we can provide residents a safer and more convenient location."

Residents should enter the California Speedway at the Main Gate located at 9300 Cherry Ave. All tires must be removed from the rims, and tires cannot exceed 11-inches by 25.5-inches. Those who plan to bring 10 or more tires must make arrangements prior to the event by calling (909) 387-4044.

Hazardous materials such as paint, televisions, weed killer, etc. will not be accepted. These items can be taken to the Rancho Cucamonga Fire Station on Saturdays between 8 a.m. and noon. The fire station is located at 12158 Baseline.

Please contact Supervisor Biane's office at (909) 945-4297 or Code Enforcement at (909) 387-4044 for more information. Residents should NOT contact the California Speedway regarding this event.
